How to Register for RCRAInfo Industry Application.pdf; Vetter Equipment_IAR000502187_Site Info Verification Rpt.pdf;

OFFICIAL NOTIFICATION

April 1, 2020

Mr. Dave Madsen
Store Director
Vetter Equipment
2310 Iowa Avenue
Onawa, Iowa 51040

Dear Mr. Madsen:

RE: Vetter Equipment
Onawa, Iowa
EPA RCRA ID No: IAR000502187

RCRA

This is to acknowledge that you have filed a subsequent RCRA Subtitle C Site Identification Form for the installation indicated above to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Since the copy of the RCRA Subtitle C Site Identification Form was e-mailed to EPA, we will need to have the signed original mailed to the address below.

We have made changes to our database based on the information you provided. To assist us in keeping our database current, please review the attached Hazardous Waste Site Verification Info Report (Report). The form that was submitted did not include an NAICS Code in Section 7. You can look up your NAICS code at <https://www.census.gov/cgi-bin/sssd/naics/naicsrch>. If the NAICS code entered is not correct, please submit an updated RCRA Subtitle C Site Identification form (EPA Form 8700-12) and submit it to the address below.

I would like to make you aware of revisions to the hazardous waste regulations that went into effect at the end of May 2017. The following link will take you to a website where you can find links to the new regulations, summaries of the changes to the regulations, and other helpful information:
<https://www.epa.gov/hwgenerators/final-rule-hazardous-waste-generator-improvements>.

Additionally, the new electronic manifest (e-manifest) system launched on June 30, 2018. This system will allow users of hazardous waste manifests to generate, track, receive, and submit manifests electronically on-line through the system. This system can assist generators with manifest record keeping requirements. For additional information on e-manifest, please visit our websites:

National website: <https://www.epa.gov/e-manifest>

EPA Region 7 website: <https://www.epa.gov/ks/e-manifest>

EPA Region 7 encourages Iowa facilities use the RCRAInfo Industry Application – myRCRAid tab to file any RCRA Subtitle C Site Identification forms electronically, instead of mailing in a hard copy. The RCRAInfo Industry App gives you access to myRCRAid, e-Manifest and Biennial Report (for facilities that are Large Quantity Generators). A one-time registration can get you access to the RCRAInfo Industry App. See instructions attached.

Please reply to this e-mail to verify you have received this notification. Remember to print a copy of this e-mail and keep it for your records. Your cooperation is appreciated.

Sincerely,

Rebecca Wenner
ECAD/CB/RCRA
EPA Region 7

Hazardous Waste Site Info Verification

April 1, 2020

The information summarized below has been entered into EPA's RCRA Computer Database for the location and EPA RCRA Identification Number listed. If any of this information is inaccurate or changed, you may notify us by writing to us, completing a RCRA Subtitle C Site Identification Form (any of EPA Forms 8700- 12, 13A/B, or 23), to the address below. The form(s) can be found at: <https://rcrainfo.epa.gov/rcrainfoweb/documents/notification.pdf>. You may also submit your update online by registering for the RCRAInfo Industry App - myRCRAid at <https://rcrainfo.epa.gov/rcrainfoprod/>. If you have any questions, please call (913)551-7248.
